LAB 01

Introduction to HTML : - Create Home page with logo, Name, Menu and Description.
Code:

```html
<html>
        <head>
        </head>
        </body>
        <table border=1 style="padding:20px">
                <tr>
                        <th><image src="ddu_icon.png" widht="150" height="150"></image></th>
                        <th style="font-size:70px;">Name</th>
                </tr>
                <tr>
                        <td style="padding-left:5%"><a href="">LOR</a></th>
                        <th><p style="padding:30px">Since inception, DDU's endeavour is to
prepare students for leadership roles. We not only focus on their academics, but also
emphasise on their holistic development. This is achieved by; providing the best infrastructure
at the campus, continuous updating of the syllabus, declaring the calendar in advance including
the convocation date at the outset, arranging industry internships, doing social work for the
community, organising placement opportunities and holding alumni meets. This is why we have
a healthy placement record and an alumni spread across the globe in leadership
roles.</p></th>
                </tr>
                <tr>
                        <td style="padding-left:2%"><a href="placement.html">Placement
form</a></th>
                        <th><p style="padding:30px">Since inception, DDU's endeavour is to
prepare students for leadership roles. We not only focus on their academics, but also
emphasise on their holistic development. This is achieved by; providing the best infrastructure
at the campus, continuous updating of the syllabus, declaring the calendar in advance including
the convocation date at the outset, arranging industry internships, doing social work for the
community, organising placement opportunities and holding alumni meets. This is why we have
a healthy placement record and an alumni spread across the globe in leadership
roles.</p></th>
                </tr>
                <tr>
                        <td style="padding-left:3%"><a href="">Exam form</a></th>
                        <th><p style="padding:30px">Since inception, DDU's endeavour is to
prepare students for leadership roles. We not only focus on their academics, but also
emphasise on their holistic development. This is achieved by; providing the best infrastructure
```
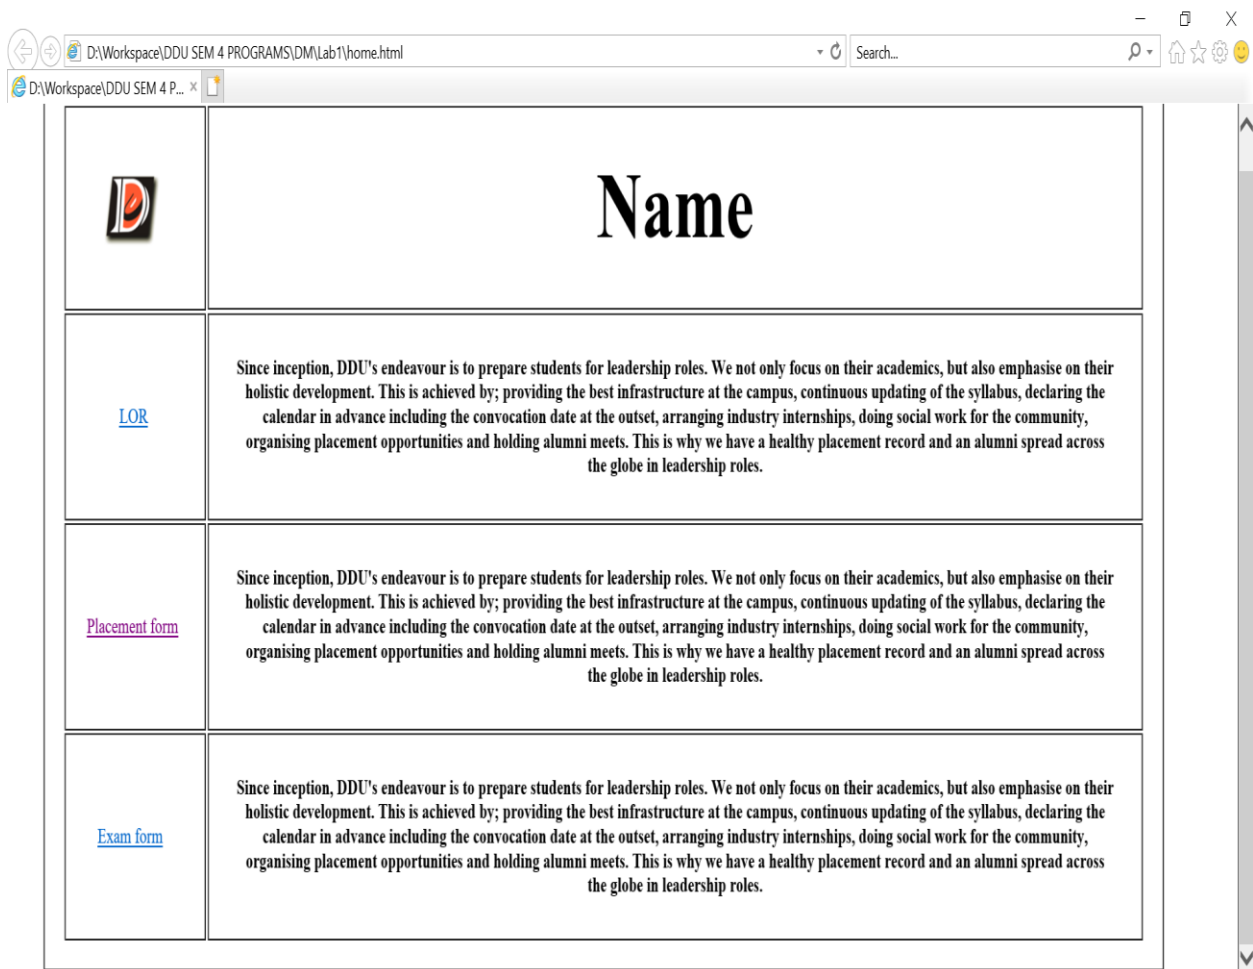

at the campus, continuous updating of the syllabus, declaring the calendar in advance including the convocation date at the outset, arranging industry internships, doing social work for the community, organising placement opportunities and holding alumni meets. This is why we have a healthy placement record and an alumni spread across the globe in leadership roles.</p></th>
                                      </tr>
                        </table>
                        </body>
</html>

Output:

Create Placement Form in which can capable of inserting Personal Information as well as Education Information.

Code:

```html
<html>
        <head>
        <title>Placement form</title>
        </head>
        <body style="padding-left: 25%">
  <table border="1">
   <tr>
    <td><center>Name : &nbsp&nbsp<input type="text" name=""></center></td>
    <th width="40%" rowspan="2">Insert photo below</image></th>
    <tr>
     <td><center>Branch : <input type="text" name=""></center></td><br>
    </tr>
    <tr>
     <td><center><a href="www.ddu.ac.in">DHARMSINH DESAI
UNIVERSITY</a></center></td>
     <td><input class="form- control" type="file" id="formFileMultiple" multiple ></td>
    </tr>
    <tr>
     <td colspan="4"><center>
     Gender : &nbsp&nbsp&nbsp&nbsp&nbsp&nbsp&nbsp<input type="radio" name="gen">
male &nbsp&nbsp <input type="radio" name="gen"> female</center></td>
    </tr>
    <tr>
     <td colspan="4"><center>Birth - date : &nbsp&nbsp<input type="date"
name="gen"></center></td>
    </tr>
    <tr>
     <td colspan="4">
      <h3>Education</h3>
      <fieldset style="margin-top: -20">
       10 <sup>th</sup> : &nbsp&nbsp&nbsp&nbsp<input type="text" name=""
placeholder="enter grades acquired"><br>
       12 <sup>th</sup> : &nbsp&nbsp&nbsp&nbsp<input type="text" name=""
placeholder="enter grades acquired"><br>
      BTECH : &nbsp&nbsp&nbsp&nbsp <select>
       <option>--- choose field ---</option>
       <option>CE</option>
       <option>IT</option>
       <option>MH</option>
       <option>CH</option>
```

```html
          <option>EC</option>
          <option>AM</option>
        </select>
      </fieldset></td>
    </tr>
    <tr>
     <td colspan="4">
       <h3>Technology preferred</h3>
       <fieldset style="margin-top: -20">
         JAVA <input type="checkbox" name=""> &nbsp&nbsp&nbsp&nbsp
         .NET <input type="checkbox" name=""> &nbsp&nbsp&nbsp&nbsp
         PHP <input type="checkbox" name=""> &nbsp&nbsp&nbsp&nbsp
         OTHER <input type="checkbox" name=""> &nbsp&nbsp&nbsp&nbsp
       </fieldset></td>
    </tr>
    <tr>
     <td colspan="4">
       <h3>Describe yourself</h3>
       <textarea cols="50" rows="5" style="margin-top: -20"></textarea>
     </td>
    </tr>
    <tr>
     <td colspan="4"><center><a href="submit.html"><input type="button"
value="submit"></a> &nbsp&nbsp&nbsp&nbsp <input type="button"
value="reset"></center></td>
    </tr>
   </tr>

 </table>
        </body>
</html>
```
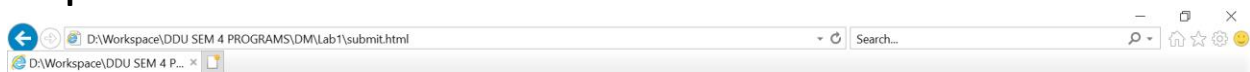

Output:

Name : [ ]	**Insert photo below**
Branch : [ ]	
DHARMSINH DESAI UNIVERSITY	[ ] Browse...
Gender : ○ male ○ female	
Birth - date : [ ]	

Education

10 th : [enter grades acquired]
12 th : [enter grades acquired]
BTECH : [--- choose field --- ∨]

Technology preferred

JAVA ☐   .NET ☐   PHP ☐   OTHER ☐

Describe yourself

[   ]

[submit]   [reset]

Create a page which opens when the details in the form are submitted.
Code:

```html
<!DOCTYPE html>
<html>
<head>
        <title></title>
</head>
<body>
        <center>
                <h1>Your data has benn submitted....</h1>
                <a href="home.html">back to home</a>
        </center>
</body>
</html>
```

Output:
